PROFILE

Computer Science student at Higher National School of Computer Science (ESI) and full-stack developer experienced in building scalable web and mobile applications. Skilled in React, Next.js, Node.js, TypeScript, and modern UI/UX development with strong knowledge of backend systems, databases, and AI integration.

EXPERIENCE

Founder & Full-Stack Developer — SoftWeb Elevation

2024 – Present

- Built scalable websites and web applications for startups and businesses.
- Managed full development lifecycle: planning, UI/UX, development, deployment, and optimization.
- Worked directly with clients to deliver tailored technical solutions.

Freelance Web Developer

2023 – Present

- Completed 100+ personal and client projects using modern web technologies.
- Developed dashboards, authentication systems, APIs, and responsive platforms.
- Collaborated remotely with local and international clients.
